PROGRESS IS NOT MERELY MOTION;  
IT IS FORWARD MOTION

*To the Board of Directors of the Colored Orphanage of  
North Carolina:*

GENTLEMEN:

First, I want to express my sorrow of the passing of two of our most distinguished members of the Board of Directors, Mr. Benjamin Parham and Rev. N. A. Cheek. Rev. Cheek had been a member of the Board for over forty years and Mr. Parham served about twenty years.

During the past year we have been very successful from a financial point of view. We have not raised as much money as we had hoped, but taking everything under consideration, we feel that we have done very well. Our main purpose is to build up the moral development of our Institution which means so much to the children. In order to build up the moral side, we must bring our physical plant up to standard. We have made some progress along this line and we feel that this is our most significant achievement.

With this in mind I wish to express appreciation to:

The members of the Board of Directors and the Executive Committee of the Colored Orphanage of North Carolina;

His Excellency, the Governor of North Carolina, R. Gregg Cherry, for appointing Senator John S. Watkins as member of our Board to succeed the late Mr. Parham;

The North Carolina Legislature, Senator John S. Watkins and Representative Wills Hancock for a 33% increase in appropriation for the next biennium;

Mr. R. G. Deyton, Assistant Director of the Budget and other State Departments;

Mr. Henry A. Bridges, State Auditor and his staff, particularly Mr. Alvin Howell and Mr. Preston Faison for auditing the institution and advising concerning the business affairs.

Dr. James E. Shepard, Most Worshipful Grand Master of the Prince Hall Grand Lodge of Free and Accepted Ancient Masons, State of North Carolina, for his proclamation to all subordinate lodges;

Mr. S. B. Simmons, supervisor, vocational agriculture teachers, members, principals and friends of New Farmers of America;

Mr. L. E. Austin, President, North Carolina Interdenominational Ushers Association, its officers, members and friends for financial support;

Mr. C. A. Irvin, Vice Commander, Attorney F. J. Carnegie, the members and friends of Division B, American Legion, and the Women's Auxiliary for financial support of our building fund;

Dr. P. A. Bishop, President, North Carolina Baptist State Convention, Rev. Thomas Kilgore, Executive Secretary, the moderators, Baptist Associations, pastors, members and friends who have cooperated with our financial program;

Dr. Ellen Winston, State Commissioner of Public Welfare, Mr. John R. Larkins, Consultant on Negro Work, and the county welfare departments;

Granville County Health Department, Mr. C. D. Ashworth, Health Inspector;

Mr. W. Z. Betts, Director, North Carolina Division of Purchase and Contract;

Superintendent C. G. Credle, Oxford City Schools, Superintendent B. D. Bunn, Granville County Schools, the Board of Education, teachers and friends of Granville County who contributed \$8,000 to our building program;

Mr. W. D. Carmichael and Mr. J. A. Branch of the University of North Carolina;

Mr. Thomas A. Morgan, New York City, who is working so diligently to assist us in making the plant a comfortable place for the boys and girls;

Mr. Carl Goerch for visiting our plant in interest of helping us raise money for the building program;

The OXFORD PUBLIC LEDGER, Mr. Tom W. Johnson and other newspapers throughout the state;

Radio Station WPTF for cooperation during our campaign;

Many other individuals and organizations that space will not permit us to mention.

With the assistance of our Physician, Dr. W. N. Thomas, our primary concern, the health of the children, has been very good during the past year. We had an epidemic of influenza and as many as forty-five children in bed for several days. It was very inconvenient to serve food to these children as our facilities are inadequate, especially during the snow and sleet. We are grateful for the facilities of Susie Cheatham Hospital and Duke Hospital, which are always at our disposal.

Besides the regular program of care and maintenance, my attention has been turned mainly to making contacts for the development of our building program.

Our girls' building is now in good condition, except for toilet facilities. We put on a new roof, put in composition flooring on second floor, installed fire escapes in this building. Plans are being drawn for renovation of the building so as to provide adequate toilet facilities for the sixty-four girls.

The financial report shows the amount of funds raised and the balance in the building fund. Our needs are the boys' dormitory, cottage for smaller girls, trade building, equipment, infirmary and recreation facilities.

### ACTIVITIES

The Boy Scouts have made remarkable strides in this their second year of existence. Among the many events which the twenty-one scouts took part in, those outstanding were a Scoutmaster and Boy Scout Banquet, a trip to Fort Bragg, N. C., and a week at Whispering Pines Boy Scout Camp.

The banquet served a dual purpose by offering entertainment for scoutmasters and scouts as well as stimulating good scouting fellowship.

The 555th Parachute Infantry Airborne Division of Fort Bragg thrilled the Boy Scout Troop 130 by their many demonstrations and exhibitions of paratroopers in action. Grateful acknowledgments are made to Captain Robert Perry and Staff Sergeant D. O. Prince, for their kind consideration of us.

Twelve boys from our Troop were given the opportunity of attending the scout camp at Whispering Pines, thereby furthering their advancement in scouting skills. Troop 130 was voted the best scout troop at camp during that week.

One of the Orphanage boys was selected to attend the American Legion, Division B, Boys' State, held at North Carolina College in Durham. The local post, Hester Crews 166, selected Tucker Harris as representative from Oxford.

The Orphanage band made numerous trips and rendered well at civic affairs, American Legion installation programs, school programs, concerts and church affairs. The glee club has also made several trips during the year and served on local programs.

At the close of the school year prizes were given for efficiency, conduct, character and progress. The Martha Hamlin Brooks prize was awarded to Cora Saunders, The Ottoway Hamme prize was awarded to Samuel Cox. For the first time this year, Father John Risacher of Durham

donated prizes to two girls making the most progress in the sewing class during the year. Savannah Craighead and Gloria Thompson were the recipients during 1947.

This year we were very proud of our two graduates. Hortense Gilmore, who graduated from Shaw University, was the first student to complete school with the aid of our Anniversary Student Loan Fund. Cora Saunders graduated from Mary Potter Academy and plans to enter college in the fall.

For the first time this year we have a vacation Bible School on the campus to give religious training and provide activities during the summer vacation. Children up to twelve years of age attend the vacation school and all are enthusiastic.

### FARM REPORT

There are approximately 320 acres of farm land, about 80 acres in woodland and 100 acres in pasture. Each year lime is distributed over a good portion of our pasture and 20% phosphate in order to increase grazing. This year we prepared 10 acres of permanent pasture. As a result it furnished plenty of grass for the cows from eight to nine months of the year. We milk an average of sixteen cows, which gives us sufficient milk for the boys and girls.

We were successful in raising an abundance of hay for the livestock and approximately 2,100 bushels of corn. This will take care of the livestock and furnished meal for table use.

The garden was good and produced a large quantity of vegetables for table use and canning purposes. Through the garden and cooperation of our dining room staff, we were able to live within our food budget for the year.

The only cash crop is tobacco.

We were short of one worker for the farm this year, but we were able to move along very well. The boys receive training in handling live stock as well as cultivating the crop.

Each year we are able to see improvements in our farm. The most outstanding work was done in the low-grounds where a ditch was dynamited and the land which has been mostly swamp, will be available for cultivation. We were successful in having the cooperation of the Extension Department and the Vocational Agriculture Department and the Soil Conservation Service.

Over 6000 lbs. of meat was cured for consumption.

## REPORT OF SUPERVISING MATRON

MR. T. A. HAMME, *Superintendent*:

This is the end of our fiscal year, the children are well and happy. We have had no serious illness; during the winter there was an epidemic of influenza, but all the children recovered in a short time. At this time there are none on the sick list.

Every effort is made to make the children happy and comfortable. They enjoy some form of recreation each day. Each month a birthday party is given to all whose birthdays come within that month. Once a week the children go to the movies in our chapel. The older boys and girls visit the various churches in town and the county. It is also their privilege to join the church of their choice. The little ones enjoy bus rides on Sunday afternoons. Boys and girls from four to twelve years old are attending vacation Bible school conducted in our school building for the first time. It has been a great success. We also have a troop of Boy Scouts who plan to attend camp at Whispering Pines in a few days. Parties are given during the Christmas and other holiday seasons.

Living quarters consist of three dormitories, one for the girls, one for the younger boys and one for the older boys. These buildings are made as comfortable and home-like as possible. The children are taught to keep clean by doing the work themselves. We are proud of our beautiful campus and the interest the children take in keeping it this way. They have flower gardens, and some of the little boys and girls have small vegetable gardens.

The kitchen, dining room, laundry and sewing room provide training for the girls, all of whom are under the supervision of competent matrons. The boys are taught shoemaking, dairying, and farming.

Garments and other articles made in the sewing room are as follows:

25 Girls' Playsuits	54 Boys' Shirts
70 Girls' Slips	39 Pairs Overalls
5 Girls' Skirts	35 Little Boys' Suits
4 Girls' Blouses	56 Pairs Boys' Pajamas
15 Little Girls' Pajamas	1 Pair Pants
41 Little Girls' Gowns	8 Pillowcases
21 Large Girls' Pajamas	10 Towels
32 Pairs Curtains	37 Aprons
17 Costumes	37 Dishtowels
1 Cot Cover	4 Pairs Draperies
2 Mattress Covers	60 Dresses Altered

MRS. M. T. JOHNSON, *Supervising Matron*.

## ANGIER B. DUKE SCHOOL

The elementary school exists solely for educating the child for life in a confused and changing social order. With this fact in mind we have striven to equip our school to fit the changing needs of the child in developing his attitudes, understandings, habits and abilities. We attempted to do this by purchasing all needed supplies and equipment for standardizing our school.

The second step in the progress of our school was the addition of the eighth grade. Mr. A. R. Howell, a graduate of Johnson C. Smith University, who has studied at the University of Michigan, was the instructor for this grade. An unusual year's work was done by the class under his leadership. Eighteen students finished this grade and they are now ready for High School.

The third step in the progress of our school was a test-study program, which was carefully planned at the beginning of the school year. Much stress was placed on testing and grouping children at their group level. In order for this to be done we sponsored a test-study program in which a number of diagnostic tests were given with follow-up helps. As a result the children did better work in their classes and we had fewer failures at the close of the school year. The minds of the teachers were directed more to the complete growth of the child and his desirable individual attitudes.

During the school year we have had the following major public programs—Christmas play, Easter sunrise service, May day festival, and commencement exercises.

Mrs. H. P. Cheatham, an excellent teacher in our school, retired last year. The school suffered a great loss when she retired, for she stood for progress. She gave freely of her own means to see that the school did move forward.

Her position was filled by Mrs. E. R. Chavis, who did an excellent job.

We feel proud of our school. Wherever there is school pride there must be school work done well. I am very grateful to each teacher for the work done last year.

The school contributed largely and liberally to all community drives.

We attributed our success largely to the dynamic leadership of Superintendent T. A. Hamme. Many thanks to him for everything.

MRS. L. G. SMITH, *Principal*.

## SHOE SHOP DEPARTMENT

In this department the children are taught all the fundamentals of shoe repairing. They receive basic training while taking care of the repair work for the institutional children and are giving advance work while doing commercial jobs. We are able to give practical experience in all types of work including: half-soles, rips, patching, half heels, whole heels, whole soling, putting in eyelets, welting soles, dye jobs, shines, etc.

The more than six hundred jobs for institutional repairing at an estimated cost of \$540.50 included the following:

300 Pair Heels	290 Soles	16 Dye Jobs
12 Pair Eyelets	13 Pair Welt Jobs	40 Pair Shined

Commercial work for the public brought in a total of \$967.96.

## AUDITOR'S REPORT

HON. HENRY L. BRIDGES  
State Auditor  
Raleigh, N. C.  
SIR:

Pursuant to your instruction, we have made an examination of the financial records of the

COLORED ORPHANAGE OF NORTH CAROLINA  
OXFORD, NORTH CAROLINA

for the year ending June 30, 1947, and submit herewith our report.

Attached hereto as Exhibit "A", is a statement of the Capital Assets at June 30, 1947.

The valuations placed on the Capital Assets were an estimate arrived at by inspecting the policies of insurance coverage and other data and information obtained from the Superintendent and members of the Executive Committee of the Board. These valuations are subject to future appraisal and changes that the Board of Directors may deem advisable to make.

Operations within the Maintenance Fund are shown on Exhibits "B" and "C" together with supporting Schedules, attached hereto. During the year under review a transfer of \$5,000.00. was made from this Fund to the Permanent Improvement Fund.

There remained in this Fund at June 30, 1947, a cash balance of \$2,110.18, which does not include the imprest cash fund of \$50.00. The expense disbursements for the year amounted to \$62,511.87, as compared with \$57,316.16, for the preceding year.

Exhibit "D", attached hereto, is a statement reflecting the operations within the Permanent Improvement Fund. There remained in this Fund at June 30, 1947, an unexpended balance of \$18,204.46.

The Per Capita Cost for the year was \$435.70, as compared with \$402.93, for the preceding year. The average enrollment for the year was 136, as compared with 132 for the previous year.

Current Outstanding Obligations at June 30, 1947, amounted to \$991.44.

Attached hereto, as Exhibit "E", is a statement of the Children's Funds. These Funds represented money on deposit with the Secretary to the Superintendent subject to withdrawal by the children.

Exhibit "F", attached hereto, is a statement of the Trust Funds, which we believe to be self-explanatory. During the year under review, the New Farmers of America donated to the Institution \$11,000.00, Maturity Value, U. S. Savings Bonds, Series "F".

Exhibit "G", attached hereto is a statement of Receipts and Disbursements of the orphan's accounts handled by Superintendent T. A. Hamme, as Fiduciary.

Operations within the Anniversary Loan Fund are shown on Schedule 7, attached hereto. There remained in this Fund at June 30, 1947, an unexpended balance of \$517.21. This Fund was created during the year 1943-44. Revenue accruing to this Fund consists of contributions from various individuals and organizations. The purpose of this Fund is to aid worthy high school graduates of the Institution in defraying college expenses. The advances made from this Fund for that purpose are repayable at the pleasure of the parties to whom advances have been made.

## GENERAL

Our audit consisted primarily of an examination of the cash receipt and disbursement records. We verified deposits made with the Union National Bank as reported to the Budget Officer, Mr. Harris, disclosing no irregularities. All disbursements were evidenced by properly executed checks, on which the endorsements appeared in order. We reconciled the cash balances at June 30, 1946, with the two banks and found same in agreement with the records of the Institution. The Imprest Cash Fund of \$50.00 and the Children's Funds were properly accounted for. We examined by inspection and count the \$30,000.00, maturity value U. S. Savings Bonds comprising the assets of the New Farmers of America Trust Fund. During the course of our examination, we inspected numerous invoices, pay rolls and other data supporting disbursements, all of which appeared to be proper institutional charges.

No inventories of food and supplies at June 30, 1947, were taken, as we assumed there would be little difference in the beginning and ending inventories.

Due to the lack of clerical help, the Institution was unable to keep an accurate account of farm operations, therefore, we were unable to include operations of the farm in this report.

We acknowledge with appreciation, the cooperation extended us by the personnel of the Institution during the course of our examination.

Respectfully submitted,

*Bureau of Institutional and Departmental Auditing.*

BY A. H. HOWELL.

Approved:

M. L. WIDENHOUSE, C. P. A.

July 19, 1947.
